

# XWL-813 5000 Series | HDM LED WORK LIGHT | 5000 LUMENS

**HEAVY DUTY  
MOUNT**

## Heavy Duty Mount.

Super tough stainless steel mounting brackets and hardware.

Allows 50° tilt forwards & backwards.

### Feature

- Die cast aluminum housing and polycarbonate lens
- IP68 & IP69K
- Constant current circuit draw
- 3 beam patterns
- Built-in vibration dampeners
- 50,000+ hours LED service life

### Benefit

- Virtually unbreakable.
- Will withstand dust, dirt, sand, and water submersion.
- Light does not dim even if voltage fluctuates.
- Get light where it's needed most.
- Reduces the intensity of shock and vibration.
- Long lasting investment, quality product.

### Specifications

Operating Voltage:	12 - 24Vdc
Operating Current:	4.2A @ 12Vdc 2.1A @ 24Vdc
Power Consumption:	50W
Temperature Range:	-40°C to +60°C
Ingress Protection:	IP68 & IP69K
Weight:	3.5lbs (1.6kg)
Housing:	Die Cast Aluminum - Black E-Coat
Lens:	Automotive Optical Grade Hard-Coated Polycarbonate
Connection:	Tyco or Deutsch
Polarity:	Reverse Voltage Protected
Vibration Resistance:	10-500Hz @ 5Grms
Mounting:	U-Bracket
EMC Rated:	EMC EN 13309: 2010

Part #	Beam Pattern	Lumens	Operating Voltage
