

Light Bar | Double Row
10" | 20 LED | 5400 LUMENS

Feature

- 5400 lumens
- 3W LEDs
- 6000K LED illumination
- High lumen output

- Die-cast aluminum housing & polycarbonate lens
- IP67
- Aluminum side brackets

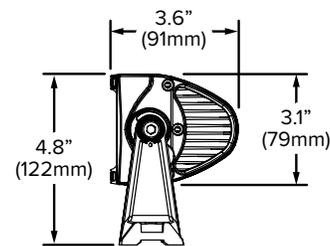

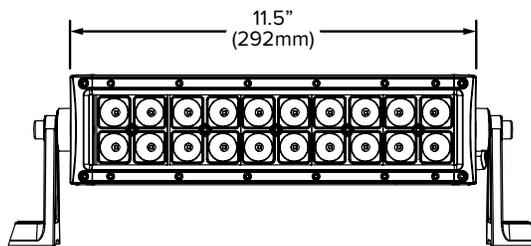

Benefit

- High intensity, low power consumption
- Bright, crisp white light for enhanced nighttime visibility
- Excellent for nighttime off-roading or in the darkest working environments
- Strong and durable for tough conditions
- Waterproof and dust protected
- Easy to mount and install

Specifications

Operating Voltage:	12 - 24Vdc
Operating Current:	5.0A @ 12Vdc 2.5A @ 24Vdc
Power Consumption:	60W
Temperature Range:	-40°C to +80°C
Ingress Protection:	IP67
Weight:	6.4lbs (2.9kg)
Housing:	Die Cast Aluminum
Lens:	Polycarbonate
Connection:	Deutsch with Plug and Play Harness
Polarity:	Reverse Voltage Protected

Part #	Beam Pattern	Lumens	Operating Voltage
81727	Hybrid	5400	12 - 24Vdc
