

# LED Strip Lights ACCESSORY LIGHTS

**Hamsar**<sup>®</sup>

A Methode Electronics Company

**IDEAL FOR  
COMPARTMENT  
LIGHTING**

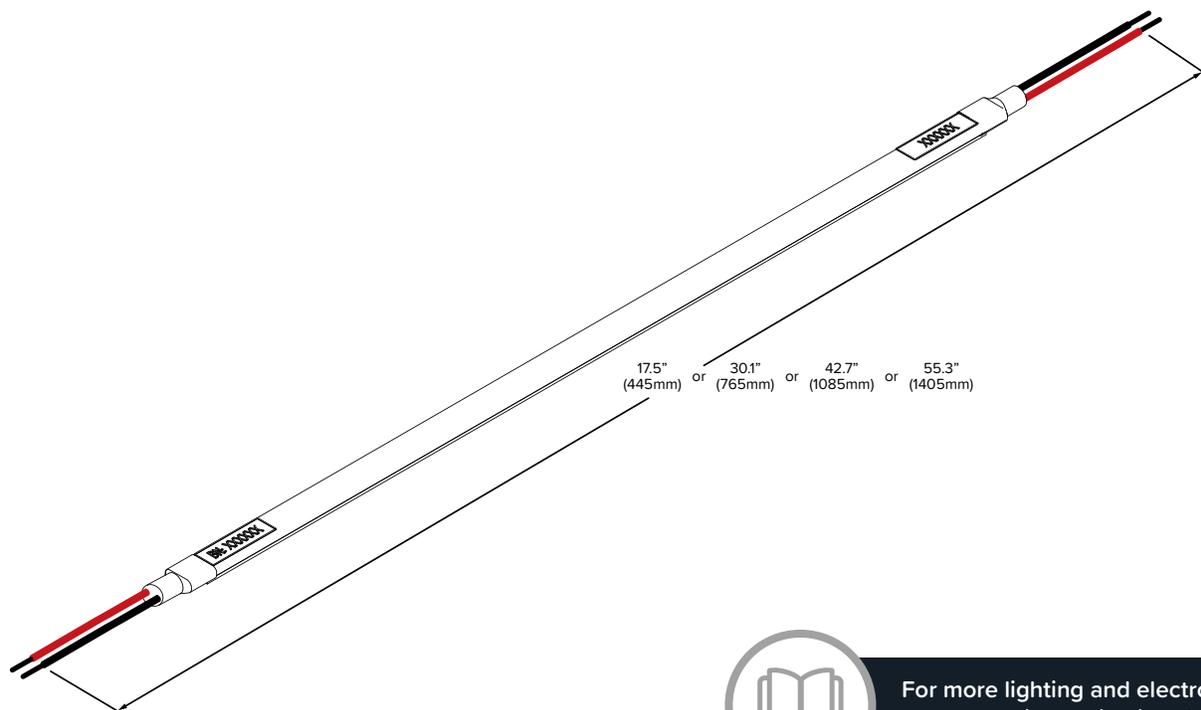

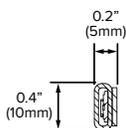

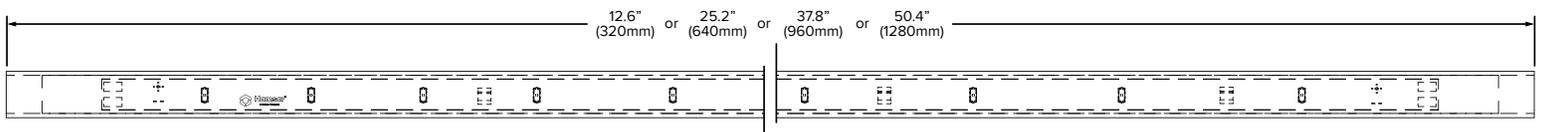

## Features

- Available in 13", 25", 38" & 50" lengths with 9 LEDs per 13" section
- Sections can be connected together in an infinite number of combinations to fit any installation application
- Printed circuit board is protected with polycarbonate extrusion - extremely resistant to moisture, dust and impact
- 3M adhesive - easy peel & stick application

Specifications (per 13" Section)

Operating Voltage:	12Vdc
Operating Current:	150mA @ 12Vdc
Power Consumption:	2W
Temperature Range:	-40°C to +65°C
Ingress Protection:	IP68
Weight:	0.6oz (16g)
Connection:	Terminal Wires
Polarity:	Reverse Voltage Protected
LEDs:	9 per 13" Section
Mounting:	3M Adhesive

Part #	Mount Type	Ingress Protection	LED Colour	PCB Colour	Length
81226	Adhesive	IP68	White	White	13"
81227	Adhesive	IP65	White	White	25"
81228	Adhesive	IP65	White	White	38"
81229	Adhesive	IP65	White	White	50"
